Situation: Japanese in possession of Mukden and Fushun, with all the Russian heavy artillery, practically all the enemy's stores and war munitions. Half, possibly more, of the remnants of the Russian army inclosed within the Japanese lines, the retreat of the remainder to Tie Ling, the nearest base, cut off, with Kirin 200 miles away over bad roads, beset by Japanese at the nearest point which the beaten army may hope to reorganize.

Result: Russian military power in Manchuria hopelessly broken. Manchuria and Russian maritime provinces, at the mercy of the Japanese and early peace on terms laid down by Japan inevitable.

With great deliberation and thoroughness we have questioned and requested every person who had relations, remote or intimate, with Mrs. Stanford for the last few months preceding her death, but thus far we have obtained nothing that would justify us in making arrests."

Towns in Danger.
Pittsburg, Pa., March 11.—The gorge in the Allegheny river at Kittanning, which was expected to bring about a flood stage here, stopped after going five miles and began to pile up at Rossion island. The situation in that section is now worse than ever, and several small towns in the Allegheny valley are in danger of being inundated. The Youghiogheny river at McKeesport is at flood stage, and many houses are in danger.

LIVES DEARER THAN OUR VERY OWN
How many lives dearer to us than our very own have been placed in needless jeopardy by failure to provide against and forestall the great suffering which too frequently accompanies and follows the bearing of children? That we would do anything within our power to obviate the possibility of such an happening is too patent to admit of question; therefore—mark well this fact—a lament,
MOTHER'S FRIEND
by name, has been devised, whose function it is to prepare in advance the muscles and tissues intimately associated with parturition.
This liniment is for external application. By its use the parts are relaxed and enabled to withstand not only the actual strain brought to bear on them during accouchement, but also to rally from this ordeal and speedily regain their normal proportions and tonicity. It is not irritating to the most sensitive surfaces, and is applicable to all cases. It's not enough to call "Mother's Friend"—it's the friend of the whole family. \$1.00, all druggists. The Editor's 25th Anniversary.

Yesterday's issue of The Advocate closed a distinct chapter in the history of this paper that possibly is of more interest to the writer in a sense than to the public. Yet it is one that furnishes a text for a short editorial discourse.

Twenty-five years ago March 10, The Newark Advocate passed under its present editorial management. For twenty-five years—a quarter of a century—it has continued to be published under that management, and the editor of The Advocate celebrates the silver anniversary of the paper. Such an important milestone as the life of a newspaper and its editor, naturally gives rise to a good many reflections. At such a time the mind naturally reverts to the many and great changes that have occurred in the quarter of a century past. Many of these changes, in the inevitable march of time, are tinged with sadness and regret; many more marking the footsteps of constant progress are matters of congratulation.

The Newark Advocate was founded in 1820, eighty-five years ago, by the late Benjamin Briggs, Esq. During that long period of time there have been practically but five links in the change of its editorial management. Benjamin Briggs, the founder, was for a long time the editor of the paper, for something over 30 years. Then came Hon. Wm. D. Morgan, of editorial fame. Then for a short time, W. W. Kingsbury, and Lewis Glessner. Then Mr. Morgan again for a short time, who was succeeded in 1880 by the present editor.

We trust that we shall not be charged with egotism when we say that the history of The Advocate, like the history of the community of this city and county, in which it has been published so long, has been a history of continual progress and improvement, and a history of valuable and well appreciated services to the public. Newark, like most towns of its size, has been the scene of a great many newspaper experiments, but The Advocate has proved again the survival of the fittest, the only other paper in the city of age being The American-Tribune, which had its origin as the organ of the new Republican party in this locality about fifty years ago.

Many sad changes have come in our personal experience and editorial associations since our advent in Newark twenty-five years ago. Two, at

least, of our loved editorial contemporaries, have passed away—Mr. Daniel Gaumer, of Zanesville, and Mr. Barney McCabe, of Coshocton. Since that time, too, many of the prominent Democratic leaders and workers of Licking county have gone from the earth, among them Hon. William Bell, Jr., Judge D. A. Allen, C. S. Brady, Gibson Atherton, Captain Owens, and many others. But life goes on; new issues arise and new men come upon the stage of action to confront them.

Newark has about three times the population it had when we came here twenty-five years ago, rapidly developing from a city of some 9,000 inhabitants to a city of nearly 25,000 population. Its importance and magnitude as a manufacturing and business center have increased in a much larger ratio. Twenty-five years ago there was comparatively little manufacturing done in Newark—today there is not a city of its size in Ohio that compares with it as a manufacturing center. And the city has kept pace, too, in its constant onward progress in all that contributes to the highest type of modern civilization. We have a right to say that The Advocate has constantly been a factor in the improvement of the city of Newark and the county of Licking, and that its influence and efforts have always been on the side of the betterment and improvement in every way of the city and county, in which it is published. Never has The Advocate seen the time, for the sake of a little partisan advantage, it was willing to traduce and injure the business interests of the community in which it is published, nor to vilify our beautiful city and county and their financial standing abroad.

Of course the same improvement and development that has characterized the community has also characterized The Advocate. We have an entirely new plant now that has no superior in all mechanical devices in any city in Ohio, and it is thoroughly equipped in every respect for its fine business. The Advocate, too, is the pioneer of daily newspaper printing in Newark, having published the first daily newspaper in this city, the first issue having been launched in 1882. Since the present editor took the management of the paper we have been permitted to see two Democratic Presidents elected and inaugurated, and while the party has undergone those vicissitudes that pertain to all political parties, yet we believe that today notwithstanding the great temporary landslide of last fall, is stronger, more united, on better and higher ground and more hopeful of victory than it was twenty-five years ago, in 1880.

So much for the past. The Advocate today, while congratulating itself over the good progress and prosperity of the past, has its face turned towards the future. In that future it will ever continue to advocate, as it ever has, in the past, pure Democracy, honest self-government, and the greatest good for the greatest number. It will stand for the business interests of Newark and Licking county—the best interests of the farmer, manufacturer, the capitalist and the laborer—in all right and possible ways. It will ever be found

in the vanguard of the progress of humanity, advocating the people's cause; the cause of justice and right; the cause of progress and humanity; sternly rebuking the wrong wherever it finds it; refusing at all times to run after political will-o'-the-wisps and unsound political fallacies. The Advocate will continue to be in the future, as in the past, safe, sound and conservative, and devoted to the interests of the people and the cause of humanity.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuel, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. C. T. Bricker, Special Agent.

POSITIVE PROOF

Should Convince the Greatest Skeptic in Newark.

Because it's the evidence of a Newark citizen.

Testimony easily investigated.

The strongest endorsement of merit.

The best of proof. Read it:

Bernhart Alsopach, of Granville, O., says: "After suffering for years with my back and kidneys Doan's Kidney Pills was the first remedy to help me. At times there was a continual aching and spells of sharp pain often attacked me in the loins. On the recommendation of Mr. Crayton, the Newark druggist, I began using Doan's Kidney Pills and found that remedy went right to the cause of the trouble at once. The pains and weakness gradually disappeared until they had entirely vanished. None of these symptoms has returned since I used Doan's Kidney Pills."

I have also been a great sufferer from constipation. I tried a couple of doses of Doan's Regulators, and finding them to be just what I needed I went and got a box. They are the best remedy of the kind on the market. If you are suffering from constipation or any trouble with the bowels give Doan's Regulators a trial. They will end your troubles at once."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

EVERETT FACTORY

WILL BE RUNNING AS USUAL ON MONDAY MORNING.

Damage Done By Last Sunday Night's Fire Is Quickly Repaired—Men Worked Day and Night.

Mr. E. H. Everett told the Advocate Saturday noon that the work of repairing damage done by fire at his glass factory last Sunday night is practically completed and that the entire force will be at work at the factory Monday morning the same as before the fire.

The speed with which the repairs have been made is remarkable. As already printed in these columns, Mr. Everett was ordering material for repairs while the fire still raged and two hours after the out-tan was sounded lumbermen were hauling material to the plant. Ever since then the work has been pushed night and day. The men will have been out of employment just one week.

Mr. Everett estimates his loss at \$20,000. The insurance men have arranged a meeting for Tuesday to adjust the insurance.

That the Newark firemen's services last Sunday night are appreciated is evidenced by the fact that Mr. Everett presented the firemen with a check for \$50, said a member of the department to an Advocate man.

IN POLICE COURT

Charles Roe was arrested on complaint of his wife on a charge of drunkenness and visiting a disorderly house. On the former charge he was fined \$1 and costs and on the latter \$5 and costs.

Al Lott, a saloon keeper in East Newark, was fined \$5 and costs for being drunk and raising a disturbance on a street car.

Tom Wharton, who is known to the police as a big bully, met Mrs. Frank Miller, at whose home he rooms, and she spoke to him about some room rent. Without cause, the man knocked the woman down.

"Big" Chambers, assistant to City Civil Engineer Wells, saw the occurrence and although he weighs 50 pounds less than Wharton, proceeded to give him a deserved thrashing, the marks of which were very evident in police court this morning.

Mrs. Miller did not appear against Wharton this morning and he was fined \$5 and costs for assault.

The Best Lot Proposition Ever Offered to The Citizens of Newark

Owing to the fact that a number of citizens of Newark have expressed a desire to buy lots adjoining the new United States Navy Yard, about five miles from Charleston, South Carolina, from Messrs. Bolton and Wilcox, a number of them will be placed on sale. Those who take the trouble to investigate will find it the best lot proposition ever offered in the City of Newark. There will be twenty millions spent to complete this yard, and about four thousand men employed or as many men as are employed in all the shops in Newark combined. The first mechanics to the number of five hundred will be sent there this fall upon the completion of the dry dock. Sewer, water and granolithic sidewalks are guaranteed on each street. The gate of the Navy Yard opens into this property and the electric car line runs through the entire length of the property to the Navy Yard gate. These lots will be sold on payment of ten dollars a month without interest or taxes until paid for. Your money cannot help doubling itself in a short time, as the history of all Navy Yards has been that they have made large cities in a few years. We have made contracts with a number of Newark people to go there to work on this property. Those desiring to buy lots may call on us at 14 1/2 North Second street or buy them from the agents we have appointed. Office open evenings. Pictures and plat of property may be seen in the window of the room formerly occupied by Sachs Bros., on the east side of the square.

FIFTY CENTS

In some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.

Slaves to Spring Catarrh Restored to Health by Pe-ru-na.

SPRING THE TIME TO CURE CATARRH.

Pe-ru-na Invigorates Mind and Body.

Hon. Wm. G. Hunter, Ex-member North Carolina Legislature, writes from the Census Office Building, Washington, D. C., as follows:
"The greatest family medicine ever discovered, in my opinion, which comes from experience as well as observation, is Peruna."
"The most common affliction to humankind is a bad cold. Peruna drives it out of doors, wards off catarrh, invigorates and gives fresh strength to mind and body. I give Peruna my unqualified endorsement."—Wm. G. Hunter.

Takes Pe-ru-na Every Spring.

Miss Tilly Marx, 421 14th St., Milwaukee, Wis., writes:
"I am pleased to endorse Peruna, as I found it very efficient in ridding my system of a severe cold and catarrhal trouble, after I had tried many other remedies without getting relief."
"I took Peruna for two weeks, when I was much better, and in two weeks more I was entirely rid of the cold and catarrh. I shall take it every spring as a tonic, as I found that it made me much better in every way."—Tilly Marx.

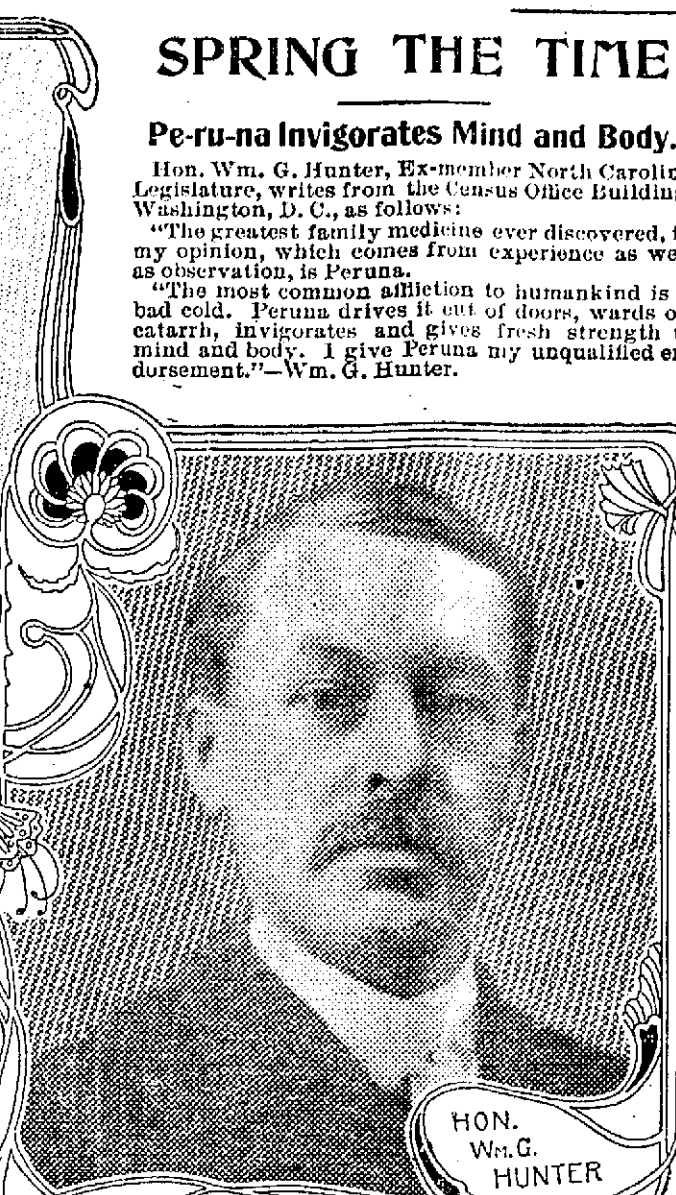

MISS LYDIA HERZIGER, Grand Recorder of American Daughters of Independence, writes from Neenah, Wis., as follows:

"I have used Peruna now for four years, each Spring and Fall, and it keeps me perfectly well and strong."

"I am able to continue working and do not have to take a three months' rest, as I used to do every year. This is a great comfort to me, as I was not able to afford such a long rest."

"I find that it is a great preventative for colds and coughs and soon rids the system of all disease and is an admirable medicine. I can honestly endorse it."—Lydia Herziger.

HON. WM. G. HUNTER

MISS TILLY MARX

MR. JAMES A. MOODY

Mr. James A. Moody, Ex-president Board of Education, Mineral Co., W. Va., writes from 314 Massachusetts avenue, N. E., Washington, D. C., as follows:

"My family have used Peruna for several years past with excellent results and I take pleasure in testifying to its superiority as a remedy for catarrh."

"Every spring that dreaded disease will show up in my family and we always turn instinctively to Peruna to ward it off."

"It has never yet failed, and I never lose an opportunity of recommending it to my friends."—James A. Moody.

Spring Catarrh.

Almost every one has come to believe that spring is a season that brings derangements of the body dependent on blood impurities.

This belief is an old one, is nearly universal, and has arisen, not as the result of the teachings of the medical fraternity, but has been learned in the bitter school of experience.

Nervous Depression.

Depression of the nervous system at the approach of spring is a fertile source of blood impurities.

There are general lassitude, dull, heavy sensations, continual tired feelings, with irregular appetite, and sometimes loss of sleep.

That Tired Feeling.

That tired feeling, which is the natural result of the depressing effect of warm weather immediately after the invigorating cold of winter, quickly disappears when Peruna is taken.

The Proper Remedy.

Peruna meets every indication and proves itself to be perfectly adapted to all their varied peculiarities. Peruna invigorates the system, rejuvenates the feelings, restores the normal appetite and procures regular sleep.

Do Not Delay.

Get a bottle of Peruna when the first languid feelings make themselves apparent in the spring. Take it according to the directions on the bottle. Continue this treatment through the first months of spring.

This course of treatment is no experiment; it is as positive in its results as any fact of science can be.

A Spring Tonic.

Almost everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna will do this is beyond all question. Everyone who has tried it has had the same experiences as

Mrs. Winnifred Power, an artist, who in a recent letter from 245 7th St., Portland, Ore., says:

"I am pleased to speak a good word for Peruna, as I found it an excellent tonic and spring medicine and very effective in ridding the system of cold and catarrh."

"About two years ago my system was all run down in the spring and I thought I would try and see if Peruna would be of any assistance in bringing back my health and strength."

"I found that it was splendid and all the medicine that I needed. In a little over a month I was well and did not need to take any more medicine."

"I shall recommend it to every one in need of a tonic, and know that I have only to take a few doses of Peruna when I take a cold and I will soon be over it."—Winnifred Power.

Nature's Assistance.

Spring is the best time to treat catarrh. Nature renews herself every spring. The system is rejuvenated by

spring weather. This renders medicines more effective.

A short course of Peruna, assisted by the balmy air of spring, will cure old, stubborn cases of catarrh that have resisted treatment for years.

A Word of Advice.

To those who have been afflicted with chronic catarrh we wish to say that the spring season affords you a splendid opportunity to get rid of your disease.

It may be you have been afflicted for several years; you may have tried different remedies. Perhaps you have become discouraged.

Now Is Your Opportunity.

This failure was during the winter months. But now is your opportunity. Nature comes to your assistance at this season.

Just help her a little and she will bring you out of the quagmire in which you have been floundering so long. Give Nature a little assistance lest her struggles be in vain.

A Typical Case.

Geo. M. Fillmore, late 1st Lieut. 3rd U. S. Artillery, writes from 909 L St., N. W., Washington, D. C., as follows:

"I brought forward from winter into spring a sickening case of catarrh which was making existence miserable for me, until I was induced to try a bottle of Peruna."

"An immediate improvement gave me hope, if not relief. I kept up taking Peruna and it has so strengthened and relieved me that I am now confident of a cure. I heartily endorse Peruna for catarrhal affections and as a tonic for their weakening effects."—Geo. M. Fillmore.

A short course of Peruna now will be just in time. During the month of April you will find the strategic time to rid yourself of chronic catarrh, one of the most persistent, stubborn diseases in the whole list of human ailments.

After you have tried it you will say Peruna is positively the best spring medicine you have ever used.

A great many years of extensive trials of this remedy in this class of derangements have demonstrated that there are no failures.

Thousands of Testimonials.

Thousands of cases might be quoted in which Peruna has rescued people from the ravages of spring catarrh, and put them on a good, solid foundation of health.

We can give our readers only a slight glimpse of the vast array of unsolicited endorsements Dr. Hartman is constantly receiving. No other physician in the world has received such a volume of enthusiastic letters of thanks.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

FIVE HUNDRED

SUBSCRIBED CASH TO CANCEL THE Y. M. C. A. DEBT.

Many Small Amounts Pledged Over the Phone—in Closing Hours of the Successful Canvass.

Friday was a great day in the history of the Young Men's Christian Association of Newark. It marked the completion of the canvass for a fund of \$16,000 with which to pay all the indebtedness of the Association.

For two months the Board of Trustees, with citizens, young business men and members co-operating, have been vigorously prosecuting the canvass. The work has met with remarkable success from the very first. The spirit of success pervaded the whole movement. Everyone connected with it seemed determined and earnest.

During the last few days extra efforts were put forth by all who were connected with the canvass, and up until late Friday night the solicitation was kept up, even the telephones being pressed into service during the afternoon and evening.

As a result of these efforts the Board of Trustees, which met in the Association rooms at 8 o'clock Friday night found upon carefully auditing the subscriptions on hand, that the \$16,000 needed had been pledged in good subscriptions and thereupon they officially declared the canvass completed and the pledges more binding.

The Board of Trustees felt very much gratified with the outcome and passed unanimously a resolution thanking all who had assisted on the canvass and especially the citizens, who by their subscriptions, had made it possible to secure this amount of money.

It is indeed a great victory to the Association. When this money is all collected and the debt is cancelled the Association will be able to go on unhampered in its good work among the young men of the city. Departments a fine work will need development can now receive more attention and in every respect the Association will be able to fulfill a larger mission in the life of our city.

Notices will now be sent to all subscribers, reminding their pledges, and it is to be hoped for the good of the work that all who have subscribed may pay promptly and thus carry to the Young Men's Christian Association on the ground and dry ground financially.

Many even pay their entire subscription at once, the majority sign-

ed pledges to pay one-fifth at once, one-fifth in two months, and the same sum in four, six and eight months from date.

In all over 500 subscriptions were taken, ranging from \$5 to \$500. One man gave \$500, two \$300, six \$250, many \$100, many more gave \$50, \$25, \$10 or \$5. Scores of small subscriptions were received by telephone in the closing hours of the canvass. Besides these subscriptions Mrs. Benj. Franklin gives \$1000.

For the past two months from 12 to 16 men have been daily at work on this canvass. Hundreds of people have been solicited.

Secretary Ebersole, Assistant Graef, Physical Director Pinneo and the Board of Trustees have been ably assisted by Mr. M. C. Williams of the state committee who has been here two months and his given his undivided attention towards raising the money. Great credit is due the men who carried this work to a successful conclusion.

HOARDED MONEY

If a person hides away a few dollars in a secret drawer or puts them in a small iron safe, does he consider it an expense? If he deposits them and receives credit in his savings bank book, does he class it as an expense? Why is it that so many men look upon a life insurance premium as an expense, and can not be induced to believe that it is not? When a person spends money for anything, it passes out of his possession. This is not the case with a life insurance premium. One deposits the money and it is kept for him awhile, and later it is given back again, with more added to it. It never passes out of his possession. It is his money just as much as if it were in a bank, and it is a great deal safer than if deposited in some bank. Give up the idea that insurance is an expense and see it in its true light. There is only one best company. The Equitable Life of New York, and it is the strongest in the world. O. M. and J. R. Tucker, agents.

His Leg Shriveled Up and Useless--Lost Flesh and Appetite Through Rheumatism.

Frank H. Wilson Restored to Health and Vigor by Jamaica Rheumatic Cure.

Mr. Frank H. Wilson, a well known

farmer, south of Williamstown, Hancock county, Ohio, has just recovered from a terrible seige of rheumatism, which had rendered him helpless for several months. His case was well known to the people of this section and his account of his own cure will

be of interest. Mr. Wilson writes:

Williamstown, O., Feb. 6, 1903.

"I was taken down with rheumatism September 1, 1902, and the next morning could only get about on crutches. I tried two different doctors who put me to bed, but gave me no relief. I then got a rheumatic cure from Chicago, which did but little good. For six weeks I was confined to the house and out, and it had shrunk to half the size of the other leg. My breast and right shoulder were also very sore, and I could not dress alone."

AMUSEMENTS

TONIGHT AT AUDITORIUM.

At the Auditorium tonight the Wilbur Mack company will present the new comedy drama, "A True Irish Gentleman," and seven strong vaudeville features. Tonight the prize play will be given away. Prices 10, 20 and 30 cents.

ARIZONA MONDAY NIGHT.

The result of the twelfth census is exhibited in a bulletin sent out by the government, and it shows the state of affairs in Arizona discovered recently by most eastern people through the medium of Augustus Thomas' excellent play, which ran for weeks at the Herald Square theatre, New York, and which comes to the Auditorium Monday night. For instance, in 1890, there was no such place as Chloride; Chloride now has a population of 466 inhabitants; Flagstaff, which housed only 963 souls in 1890, now has 12,711. Solomonville City, which was a mere hamlet of 287 inhabitants in 1890, now comes proudly to the fore with a gross population of 6,291. Tempe, which was not on the map in 1890, expands the census rolls with a total of 892 people. Tombstone, which has ever been a town of fierce reputation, lives up to its sinister past. In 1890 it had 875 accredited inhabitants; in 1900 it had only 646, and over one-half of those were Greasers and Indians. Taking it as a whole, Arizona has made a remarkable advance in the past decade. Perhaps the advertising given it by Mr. Thomas' celebrated play, "Arizona," is responsible for this happy condition. See it on sale.

THE TWO ORPHANS.

Secure your seats for the all-star cast in the Two Orphans Tuesday evening, Mar. 14, now, as they are going fast and soon all will be sold. This attraction is without parallel in the history of the theatre, and is the greatest aggregation of talent ever seen in Newark.

THE MINISTERS' SWEETHEARTS.

"The Minister's Sweethearts," Manager G. H. Eldon's latest production, will be the attraction at the Auditorium, Saturday, March 18. The play is the latest house record, everywhere it has been one of exceptional merit and is being played by Miss Jessie Clifton, whose work is compared to the late Mrs. F. B. Russell, on account of her graceful and humorous mannerisms. The scenery and costumes are most realistic and one of the season's treats is promised by the management. Seats will be on sale for this engagement on Wednesday.

RAILROAD RATES

PRESIDENT'S POLICY DISCUSSED
BY GROSSCUP AND OTHERS.

Rough Riders in Newark—Railway Pickups—Day's Local and General Items of Interest.

Boston, March 11.—"The President's Railroad Policy" was the general subject of discussion at a dinner of the Economic club of Boston. The principal speakers were Judge Peter S. Grosscup of Chicago, President David Willcox of the Delaware and Hudson River Railroad company, and Interstate Commerce Commissioner C. A. Prouty. Each commented at length on President Roosevelt's views regarding the regulation of interstate commerce rates. Mr. Prouty defended the proposed national legislation and Mr. Willcox vigorously opposed the interference of the government in the rate question. Judge Grosscup said that he saw serious danger in the whole question unless it was handled delicately, not only by President Roosevelt but by the railroad men. The latter, he said, while insisting that there should be no confiscation of their property or supervision that in the long run would amount to confiscation, should join with the president in establishing a tribunal through which the nation's power could be honestly exercised.

Before leaving Washington Friday they were given a reception at the White House.
